Bainbridge Hampton Roads Crossing Luxury Apartments Open in Suffolk's Harbour View

SUFFOLK, Virginia (December 13, 2013) Bainbridge Hampton Roads Crossing, Suffolk's newest apartment home community, is now open at 2019 Barclay Place and is accepting new residents. On Saturday, December 14th, an Open House is scheduled from Noon to 4 p.m. with a ceremonial Ribbon Cutting ceremony at 12:30 p.m. hosted by Vice Mayor Charles Brown.

The Bainbridge Hampton Roads Crossing homes are designed with 1, 2 or 3-bedroom apartments. Many of the apartments feature kitchens with granite-style counters, breakfast bars, wood-style plank flooring, walk-in closets, pantries, linen closets and private patios. The community is pet-friendly and all of the apartment homes have access to a luxurious clubhouse, exercise center, cyber-café and salt-water swimming pool.

"Bainbridge is extremely pleased to be opening our first luxury apartment project in Hampton Roads," commented Ron Perera, Senior Development Director, The Bainbridge Companies. North Suffolk is the ideal location for our future residents, based on the easy access to jobs, quality retail space and entertainment options. We are excited to be open to and to provide high-quality housing to meet the needs of our local customers."

Bainbridge Hampton Roads Crossing is the latest addition to the Hampton Roads Crossing, a 148 acre mixed use development by the Terry Peterson Companies.

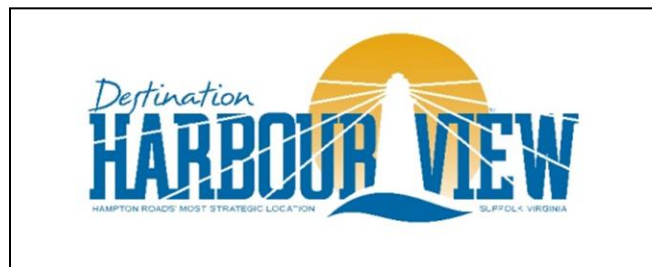

They join a strong mix of retailers, restaurants and office users in the growing Harbour View market.

Currently, Bainbridge Hampton Roads Crossing offers 216 apartment homes, of which approximately 20% have already been occupied before the official opening.

“Suffolk remains one of the fastest growing cities in the state, and luxury apartments like Bainbridge Hampton Roads Crossing add more options to our current and new residents,” said Suffolk Mayor Linda T. Johnson. “Bainbridge Hampton Roads Crossing is a terrific addition to Suffolk and Harbour View.”

Bainbridge Companies owns and manages Bainbridge Hampton Roads Crossing. Bainbridge Companies develops and manages multifamily apartment communities and commercial real estate throughout the United States.
